

Microtek

- krytia zdravotníckych prístrojov.

S našimi dlhoročnými skúsenosťami v oblasti starostlivosti a ochrany môže Microtek ponúknuť najväčší sortiment krytia na zdravotnícke zariadenia.

MICROTEK[™]
MEDICAL B.V.

"Je dôležité mať Microtek krytia na prístrojoch, aby som sa mohol sústrediť iba na pacienta."

Microtek. Dôveryhodný zdroj inovatívneho krytia prístrojov je riešením pre ochranu a redukciu možných rizík.

Už dve desaťročia ponúka Microtek Medical inovatívne riešenia na redukciu rizika prenosu infekcie; na ochranu zdravotníckych pracovníkov v každom klinickom prostredí; a na zlepšenie klinického výsledku pri maximálnej nožnej ochrane pacienta aj personálu počas výkonu.

Z laboratória do operačnej sály, inovatívne riešenia krytia prístrojov od Microtek majú jednoznačne vyššie hodnoty redukcie rizika a ochrany. Toto nie je len o produkcii krytia na prístroje. Je to viac o rozumnom navrhnutí riešenia funkčnej účinnosti v kritickom momente potencónálneho biologického ohrozenia.

Microtek. Prvé meno pre krytia na mikroskopy, C-ramená, kamery, lasery a omnoho viac.

Už poznáte Microtek ako lídra v ochrane mikroskopov. To isté chceme ponúknuť ako riešenie na kamery, C-ramená, lasery, RTG, sondy a iné prístroje a pomôcky.

Od zaciatku až po koniec, Microtek je pojem, ktorý virtuálne pokryje každý kus prístroja vo vašom zariadení.

"Toto je o ochrane pacientov a zdravotníckeho personálu
v najviac rizikovom prostredí v zdravotníctve."

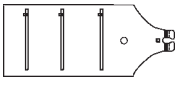

Prečo by riešenie krytia prístrojov malo byť navrhnuté pre ľudí?

Dennodenne prichádzajú pacienti aj zdravotníci do kontaktu s rizikom kontaminácie a infekcie v klinickom prostredí na celom svete. Je nemožné poznať všetky potencionálne riziká. Je však možné ochrániť každé klinické prostredie.

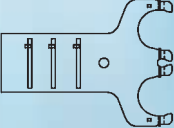

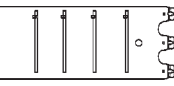

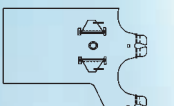

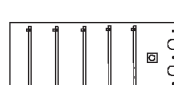

S komplexným riešením krytia dnes a vývojovými inováciami pre budúce potreby je Microtek istotou pre pacientov aj personál.

Objednajte si krytia na prístroje Microtek zo sortimentu na nasledujúcich stránkach, alebo navštívte www.microtekmed.com pre kompletný online katalóg.
